

THE GAZETTE.

WEDNESDAY EVENING, OCTOBER 5.

Sir John Burgoyne, who brought the ex-Emperor Eugene over to England, is the head of a very ancient family seated in Bedfordshire since the time of John of Gaunt, Duke of Lancaster, who conferred an estate on the family, which gift he is said to have thus verified.

I. John of Gaunt,
Do give and do grant
To Johnny Burgoyne,
And the heirs of his loins,
Sutton and Potton,
Until the world's rotten.
Sutton continues to be the family seat.

The Egyptian Government is expending large sums of money in reclaiming the desert lands, by building canals from the Nile, in constructing railroads, and in carrying out other extensive internal improvements. It does not make much progress, however, in the way of woman's rights. The necessity of a change in the treatment of women, and their introduction at court, has been repeatedly urged upon the Khedive, but with no effect. Hence the wives of the American officers whom the Khedive has in his service are in a rather unfortunate situation, though otherwise treated with great consideration.

After the selection of a piano, the next thing of importance is to take care of it. A great many really fine instruments are ruined by ignorance or carelessness. A good piano is something to be treasured and cherished, and not to be abused. It has soul and feeling, it is not a mere piece of wood, iron, steel, brass, felt and lead—and will always sing you its sweetest songs when gently and tenderly handled. People often abuse their instruments, and then blame the manufacturer and parties from whom they purchase for selling them for what they are pleased to term "trashy thing."

AGRICULTURAL.

FERTILIZERS.

We have on hand a supply of
NO. 1 PERUVIAN GUANO,
warranted GENUINE.
PURE BONE DUST,
of different grades.
MAPES NITROGENIZED SUPER PHOSPHATE OF LIME,
containing 2.60 to 3.60 per cent of ammonia and 14 per cent of Soluble Bone Phosphate, which has been extensively used since 1852 in different sections of the country, and is highly recommended as an active as well as a permanent fertilizer, as per testimonials in our possession.
SORT BLUE WINDSOR PLASTER,
fresh and finely ground, in bags or barrels.
All other Standard Fertilizers for sale at low market prices.
sep 19 **GOOE, WEDDERBURN & CO.**

ZELL'S AMMONIATED

BONE SUPER PHOSPHATE.

The best and most popular Fertilizer in use. Quick and active as Peruvian Guano, and permanently improved. It stands the test of the soil, which is very important to the farmer. It is manufactured of Bones, Animal Matter and a rich Phosphoric Guano, containing over sixty per cent of Bone Phosphate of Lime, treated with Sulphuric Acid, and 10 to 15 per cent. Bone Phosphate of Lime rendered soluble; at the same time rendered quick in its action by the addition of over 2 per cent of Ammonia.

This superior Phosphate has now been tested for over five years, on all kinds of crops, by the side of all known Fertilizers, proved equal to the best, and has given all the general satisfaction that could be desired.

For this valuable Fertilizer we only ask a trial side by side with any Fertilizer in the market to attest its superiority.

Every farmer should give it a trial, as the cost will be more than repaid the first year, and its beneficial effects lasting.

For Corn, Oats, Wheat, Rye or Grass, it has no superior.

Zell's Phosphate is fine and dry for drilling, and is put up in bags or barrels.
Price \$60 per ton of 2000 lbs.

Send for a circular, and read the certificates of some of the best farmers in Virginia who attest its superiority over all other Fertilizers.

SAMUEL HARTLEY,
General Agent, 13 Union street,
Alexandria, Virginia.
aug 22

SOLUBLE PACIFIC GUANO.

Improved in
QUALITY AND CONDITION.
The quality of this Guano is materially improved this season by the addition to its composition of a large per cent of the
SALTS OF POTASH.

It is improved in condition by being brought into market sufficiently dry and uniformly fine to pass with facility and regularity through the orifices of the

WHEAT DRILL.
More than \$1,000,000 is involved in the production of this Guano, and the trade in it has steadily increased, until now it far exceeds that of any other.

The Pacific Guano Company has a far greater interest in the maintenance of the quality of its Guano than any number of consumers can have; hence no apprehension need exist as to its continued excellence.
